

COMMUNITY EMERGENCY  
CAPACITY INVENTORY

After a catastrophic event, communities rely on individual residents to support relief and recovery efforts. The Village of Anmore would like to keep a database of people and equipment that may be able to help in the event of an emergency. If you have resources or skills that may be useful in a disaster (e.g. an earthquake or wildfire), please consider filling in the form below.

**Provision of this information is 100% voluntary.**  
**All information on this form will be kept strictly confidential by the Village, subject to the requirements of the *Freedom of Information and Protection of Privacy Act*.**  
**It will only be used by the Village in the event of a disaster or community-wide emergency.**

Name: \_\_\_\_\_
