

Community Emergency Capacity Inventory

After a catastrophic event, communities rely on individual residents to support relief and recovery efforts. The Village of Anmore keeps a database of people and equipment that may be able to help in the event of an emergency. If you have resources or skills that may be useful in a disaster (e.g. earthquake or wildfire), please consider filling in the form below.

Provision of this information is 100% voluntary.

All information on this form will be kept strictly confidential by the Village, subject to the requirements of the Freedom of Information and Protection of Privacy Act.

This information will only be used by the Village in the event of a disaster or community-wide emergency.

Date: _____

Name: _____ Email: _____

Address: _____

Phone# (home): _____ (work): _____ (cell): _____

Equipment/Supplies – indicate if you have any of the following:
