Good morning,

The Public Hearing for Zoning Bylaw Amendment 650-2021 is now scheduled for July 29, 2021 @ 6 p.m. at Village Hall. As the June 1 Public Hearing that you originally provided this submission for was cancelled, would you like your submission to be included as a submission to this public hearing?

Regards,

Karen Elrick

Karen/Council

I understand the administrative clean up in Anmore Zoning amendment Bylaw No. 650-2021, however there are a couple of components that I don't understand the need for. The higher density was granted in the original CD zoning, so I don't see the need for increasing it with secondary suites now. More importantly, I don't see the reasoning for the roadway change. The new proposal seems to be cutting off neighbouring property access, and possibly creating a need for a second crossing of Anmore Creek.
