

REGULAR COUNCIL MEETING – AGENDA – ADDENDUM

Addendum to the Agenda for the Regular Council Meeting scheduled for Tuesday, September 14, 2021 at 7:00 p.m. in Council Chambers at Village Hall, 2697 Sunnyside Road, Anmore, BC

9. Legislative Reports

(a) Zoning Bylaw Amendment Bylaw – Infill Development

Amended report dated September 13, 2021 from the Manager of Development Services, attached.

11. New Business

(b) National Day for Truth and Reconciliation

Recommendation: That Council formally recognize September 30 as National Day for Truth and Reconciliation in the Village of Anmore to provide an opportunity to recognize and remember the legacy of residential schools; and That Village of Anmore offices will be closed on September 30 to honour this day.

VILLAGE OF ANMORE

REPORT TO COUNCIL

Date: September 13, 2021 File Number: 3900-30

Submitted by: Chris Boit, Manager of Development Services

Subject: Zoning Bylaw Amendment Bylaw No 651-2021 – Infill Development

Purpose / Introduction

The purpose of this report is to present Council with the Zoning Bylaw Amendment Bylaw No. 651-2021 (**Attachment 1**) for Infill Development, as well as four infill development applications.

Recommended Option

That Council give first reading to Anmore Zoning Bylaw Amendment Bylaw No. 651-2021;

And That Council refer the Anmore Zoning Amendment Bylaw 651-2021 and the infill development applications to the Advisory Planning Commission for comment and to report back to Council.

And That Council direct staff to request each applicant to confirm the amount of community amenity charge they are proposing and to report back to Council.

Background

In July of 2018, the Village of Anmore adopted an Official Community Plan (OCP) amendment to enable infill development, OCP Policy RLU -16. The OCP amendment was accompanied by an Infill Development Policy No. 61 that provided further direction and clarity as to what the Village's expectations were for infill development. This policy was recently reviewed and changes are being recommended in relation to where the policy criteria are included.

A zone titled RS-1A was established for previous infill developments. However, following the review of the infill policy, it is recommended that a new zone is established for all future infill applications to be considered under.

The Village is also in receipt of four infill development applications. Letters of intent are included in **Attachments 2-5**.

Report/Recommendation to Council

Zoning Bylaw Amendment Bylaw No 651-2021 – Infill Development

September 13, 2021

Discussion

The proposed zone has been developed based upon the approved Infill Policy No. 61. The four infill applications that have been received meet all infill development criteria proposed. If Council wishes to proceed with the applications, Schedule A of the Zoning Bylaw Amendment Bylaw No. 651-2021 includes updated zoning maps.

INFILL DEVELOPMENT ZONE

The following sections are included in the Zoning Bylaw Amendment Bylaw No. 651-2021, with explanatory notes included below:

Purpose

The zone will provide an opportunity for one-family residential housing as the principal use.

Minimum Parcel Size

The minimum allowable parcel size shall be 1349m² (1/3 acre). However, applicants are reminded of the Policy requirements to make the proposed parcel as large as possible (up to ½ acre).

Floor Area Ratio

There has been a deviation from the previous RS-1 and RS-1A FAR ratios.

Lots larger than 2200m² will have larger FAR ratio (0.3) than compared to the traditional RS-1 zone (0.25), plus a bonus floor area. This will help facilitate zoning compliance for the existing property. As previous analysis indicated that existing properties were unlikely to meet the FAR requirements and therefore require significant alterations.

Lots larger than 1799m² but less than 2200 m² have a proposed FAR of 0.25 plus a bonus of 60m². It is hoped that the 60m² bonus provides an incentive to maximize the “infill lot”.

Lots larger than 1349m² but less than 1799m² shall receive a standard FAR of 0.25.

Accessory building FAR

The allowable FAR for accessory buildings (including coach houses) will now be based upon total allowable FAR for the parcel and not a ratio based on the proposed building FAR. This helps to eliminate the need to maximise principal property FAR in order to construct a reasonable sized accessory building.

Report/Recommendation to Council

Zoning Bylaw Amendment Bylaw No 651-2021 – Infill Development

September 13, 2021

Coach Houses

Coach houses will only be allowed on parcels of land larger than 2695 m². This provision was provided in case a property had an existing coach house and is also eligible for infill. Staff did not feel it was appropriate to allow coach houses on parcels of land smaller than 2695 m².

Setbacks

Interior setbacks have been reduced to 3m. This is to help maximise “infill lot” size and improve massing of new properties.

Parking

Off-street parking shall be provided for all new parcels.

Maximum Parcel Coverage

The parcel coverage has increased to 35%. There are 2 reasons for this. Firstly, to help keep existing properties compliant without the need for alterations. Secondly, one of the driving factors for Infill development, was to provide a place to age in place. The increase in parcel coverage will allow the development of single story properties which are beneficial to elderly residents.

2175 EAST ROAD

A letter of intent has been provided by the Owner (**Attachment 2**) to help highlight how the proposed development meets the Village’s Infill Policy, OCP and Zoning Bylaw.

The proposed property is 4,044.8m² parcel of land and within an RS-1 zone. The proponent wishes to rezone and subdivide their property into 2 parcels under the Village’s Infill Policy No. 61. The policy permits 2 units per acre and the proposed development would meet that criteria.

The following is a review for eligibility as per the OCP and Infill Policy requirements:

1. Not have been created through a previous comprehensive development plan or subdivided in the past 5 years
 - a. This Parcel of land has not been subject to a CD rezoning or subdivided in the past 5 years
2. The Parcel must be between 0.98 Ac to 2.04 acres
 - a. The Parcel is 1.0 acres.

Report/Recommendation to Council

Zoning Bylaw Amendment Bylaw No 651-2021 – Infill Development

September 13, 2021

3. Does the proposed parcel of land have an appropriate graded area?
 - a. The existing land has adequate area for development
4. Is there a requirement to extend or expand Municipal infrastructure?
 - a. The parcel of land fronts an existing road right way that contains all required infrastructure
5. Does the property have at least 50 m of frontage on a public highway?
 - a. The property has 60m of road frontage

The parcel meets all of the eligibility requirements that relate to the rezoning of the property. The proponent's applications outlines how the property will meet the requirements of subdivision.

125 HUMMINGBIRD DRIVE

A letter of intent has been provided by the Owner (**Attachment 3**) to help highlight how the proposed development meets the Village's Infill Policy, OCP and Zoning Bylaw.

The proposed property is 4,048.5m² parcel of land and within an RS-1 zone. The proponent wishes to rezone and subdivide their property into 2 parcels under the Village's Infill Policy No. 61. The policy permits 2 units per acre and the proposed development would meet that criteria.

The following is a review for eligibility as per the OCP and Infill Policy requirements:

1. Not have been created through a previous comprehensive development plan or subdivided in the past 5 years
 - a. This Parcel of land has not been subject to a CD rezoning or subdivided in the past 5 years
2. The Parcel must be between 0.98 Ac to 2.04 acres
 - a. The Parcel is 1.0 acres.
3. Does the proposed parcel of land have an appropriate graded area?
 - a. The existing land has adequate area for development
4. Is there a requirement to extend or expand Municipal infrastructure?
 - a. The parcel of land fronts two existing road right way that contains all required infrastructure
5. Does the property have at least 50 m of frontage on a public highway?
 - a. The property has 171m of road frontage

Report/Recommendation to Council

Zoning Bylaw Amendment Bylaw No 651-2021 – Infill Development

September 13, 2021

The parcel meets all of the eligibility requirements that relate to the rezoning of the property. The proponent's letter of intent outlines their commitment to the Community Amenity Contribution (CAC) and the requirements of subdivision.

2345 SUNNYSIDE ROAD

A letter of intent has been provided by the Owner (**Attachment 4**) to help highlight how the proposed development meets the Village's Infill Policy, OCP and Zoning Bylaw.

The owner of 2345 Sunnyside Rd has submitted an application for rezoning under the Infill Policy No. 61 and the proposed INF zone. The applicant is proposing to create 2 lots from the existing 1.504 acre property. There is an existing home on the property that will be retained.

The following is a review for eligibility as per the OCP and Infill Policy requirements:

1. Not have been created through a previous comprehensive development plan or subdivided in the past 5 years
 - a. This Parcel of land has not been subject to a CD rezoning or subdivided in the past 5 years
2. The Parcel must be between 0.98 Ac to 2.04 acres
 - a. The Parcel is 1.504.
3. Does the proposed parcel of land have an appropriate graded area?
 - a. The existing land has adequate area for development
4. Is there a requirement to extend or expand Municipal infrastructure?
 - a. The parcel of land fronts an existing road right way that contains all required infrastructure
5. Does the property have at least 50 m of frontage on a public highway?
 - a. The property has 93.5m of road frontage

The parcel meets all of the eligibility requirements that relate to the rezoning of the property. The proponent's application outlines their commitment to the Community Amenity Contribution (CAC) and how the parcel will meet the requirements of subdivision.

2110 SUNNYSIDE ROAD

A letter of intent has been provided by the Owner (**Attachment 5**) to help highlight how the proposed development meets the Village's Infill Policy, OCP and Zoning Bylaw

Report/Recommendation to Council

Zoning Bylaw Amendment Bylaw No 651-2021 – Infill Development

September 13, 2021

The owner of 2110 Sunnyside Rd has submitted an application for rezoning under the Infill Policy No. 61 and the proposed INF zone. The applicant is proposing to create 2 lots from the existing 1.58 acre property. There is an existing home on the property that will be demolished to make way for a new home on the property.

The following is a review for eligibility as per the OCP and Infill Policy requirements:

1. Not have been created through a previous comprehensive development plan or subdivided in the past 5 years
 - a. This Parcel of land has not been subject to a CD rezoning or subdivided in the past 5 years
2. The Parcel must be between 0.98 Ac to 2.04 acres
 - a. The Parcel is 1.58 acres.
3. Does the proposed parcel of land have an appropriate graded area?
 - a. The existing land has adequate area for development
4. Is there a requirement to extend or expand Municipal infrastructure?
 - a. The parcel of land fronts two existing road right of ways that contains all required infrastructure
5. Does the property have at least 50 m of frontage on a public highway?
 - a. The property has 159m of road frontage

The parcel meets all of the eligibility requirements that relate to the rezoning of the property. The proponent's letter of intent outlines their commitment to the Infill policy.

Other Options

1. That Council give first reading to Anmore Zoning Bylaw Amendment Bylaw No. 651-2021;

And That Council refer the Anmore Zoning Amendment Bylaw 651-2021 and the infill applications to the Advisory Planning Commission for comment and to report back to Council.

And That Council direct staff to request each applicant to confirm the amount of community amenity charge they are proposing and to report back to Council.

[RECOMMENDED]

Report/Recommendation to Council

Zoning Bylaw Amendment Bylaw No 651-2021 – Infill Development

September 13, 2021

2. That Council give first and second reading to Anmore Zoning Amendment Bylaw 651-2021 and refer Anmore Zoning Amendment Bylaw 651-2021 and the infill applications to the Advisory Planning Commission for review and comment.

And that Council direct staff to set a date for the public hearing should the Advisory Planning Commission suggest no further changes to Anmore Zoning Amendment Bylaw 651-2021.

And That Council direct staff to request each applicant to confirm the amount of community amenity charge they are proposing and to report back to Council.

3. That Council direct staff not to proceed with the rezoning of this property.

Financial Implications

All infill applications include commitment to the community amenity charges; however, none have identified a specific amount. Staff recommends follow up with each applicant to confirm their intent.

VILLAGE OF ANMORE

BYLAW NO. 651-2021

A bylaw to amend the Village of Anmore Zoning Bylaw No. 568-2017

WHEREAS the *Local Government Act* authorizes a municipality to amend its zoning bylaw from time to time;

NOW THEREFORE the Municipal Council of the Village of Anmore, in open meeting assembled, enacts as follows:

- 1) That this bylaw may be cited for all purposes as “Anmore Zoning Amendment Bylaw No. 651-2021”.
- 2) That Village of Anmore Zoning Bylaw No. 568- 2017 be amended by adding the text and maps included in Schedule A which forms part of this bylaw.
- 3) That the Village of Anmore Zoning Bylaw No. 568-2017 Schedule ‘A’ Zoning Map be amended to change the zoning for 2175 East Road, PID 014-846-756, from Residential 1 to Infill Development – INF.
- 4) That the Village of Anmore Zoning Bylaw No. 568-2017 Schedule ‘A’ Zoning Map be amended to change the zoning for 125 Hummingbird Drive, PID 023-971-860, from Residential 1 to Infill Development – INF.
- 5) That the Village of Anmore Zoning Bylaw No. 568-2017 Schedule ‘A’ Zoning Map be amended to change the zoning for 2345 Sunnyside Road, PID 008-921-083, from Residential 1 to Infill Development – INF.
- 6) That the Village of Anmore Zoning Bylaw No. 568-2017 Schedule ‘A’ Zoning Map be amended to change the zoning for 2110 Sunnyside Road, PID 013-594-940, from Residential 1 to Infill Development – INF.

MANAGER OF CORPORATE SERVICES

Schedule A

9.20 INFILL DEVELOPMENT – INF

9.20.1 Purpose

This **zone** is intended to provide **land** solely for the purpose of one-family **residential** housing as the **principal use**.

9.20.2 Minimum Parcel Size

Permitted Uses	Parcel Size
One-Family Dwelling	1,349 m ²

Refer to Village of Anmore Policy No. 61 for guidance on Property line requirements during subdivision.

9.20.3 Maximum Number of Buildings and Height

Permitted Use by Parcel	Maximum Number	Maximum Building Height
Principal Building:	1	10 m
Accessory Buildings and Structures	1	7 m

9.20.4 Maximum Floor Area Ratio for Parcel of Land

Parcel Size	Ratio	Bonus Floor Area
>1349m ² to <1799m ²	0.25	0 m ²
>1799m ² to <2200m ²	0.25	60 m ²
>2200m ²	0.30	125 m ²

Example Calculation of Total Floor Area Ratio

A parcel of land totaling 1826m² is created through subdivision the maximum **FAR** will be:

$$(1826\text{m}^2 \times 0.25) + 100\text{m}^2 = 556.5\text{m}^2 \text{ (approx. } 5990 \text{ ft}^2\text{)}$$

9.20.4.1 – Accessory Buildings Floor Area

Accessory building floor area shall not exceed 30% of the total allowable **Floor Area Ratio** for the Parcel of Land.

9.20.4.2 – Coach House

Coach House will only be allowable on parcels of land 2695 m² or larger.

9.20.5 Minimum Building Setbacks

Permitted Use	Front Parcel Line Setback	Rear Parcel Line Setback	Exterior Side Parcel Line Setback	Interior Side Parcel Line Setback
Principal Buildings	7.6 m	7.6 m	5.0 m	3.0 m
Accessory Building and Structure	7.6 m	7.6 m	5.0 m	3.0 m

9.20.6 Off-Street Parking

Off-street parking spaces shall be provided on the same **parcel** as the **use** being served in accordance with the following requirements:

- 2 spaces per **one-family dwelling**;
- 2 Spaces per **secondary suite**;
- 2 Spaces per **coach house**.

9.20.7 Maximum Parcel Coverage

The maximum **parcel coverage** shall be 35% per **parcel**.

9.20.8 Other Regulations

All permitted **land uses** shall be connected to community services in accordance with the *Subdivision and Development Control Bylaw NO. 633-2020*

9.20.9 Zoning Plan

The Zoning Plan(s) contained within this Bylaw form an integral component of this **zone**.

City Staff
Department of Planning & Community & Economic Development
Village of Anmore

RE: Subdivision – Letter of Intent

Dear City Staff,

This Letter of Intent describes our development plan, which is submitted together with the Re-Zoning Application (Infill) and required documentation. The proposed subdivision will include 1 single family home that would be designed to provide an opportunity for us to stay in the Anmore area and raise our family. Having grown up on East Road it is our intent to ensure the home fits with the character of the community. Moreover, my parents live in the existing home and we wish to be close to provide support as they age. The intent is to begin constructing our home in the lot you will find on the Topographical survey in February 2021.

Currently, the property has one home where our parents, sister, bother in-law and nephew reside. As we work through this process we are also currently residing in the main home on the property. The proposed plan is to build our forever home for us to continue to look after our family and begin a family of our own. It is particularly important for our family stays together and for our future children to grow up here. We would like to propose to rezone and subdivide the property.

Bill Papove completed a survey of the property, as you can see in the attached document it includes all the required information for this application. The proposal is inline with all requirements of the infill strategy set out by the Anmore village. Existing frontage is 60 metres, the new lot will have 26 metres and the remaining lot will have 34 metres. The justification of this proposal is to allow us to subdivide the property as this is our only way to stay in the community, stay close to our family and continue to support the local economy.

Thank you for considering our application.

Sincerely,

Tim Laidler and Jamie Sheets

Attention: Chris Boit, P. Eng., Manager of Development Services

Letter of Intent

Re: Rezoning for a 2 Lot Subdivision at 125 Hummingbird Drive

We propose to rezone the current single family lot at 125 Hummingbird Drive from RS-1: "Residential 1" to RS-1A – "Residential 1A" to accommodate for a two lot subdivision.

The property is located at the eastern boundary of Anmore fronting East Road (east p/l) and flanked by Hummingbird Drive (north p/l) and Robin Way (west p/l).

The existing lot is 4,048.5m², with the proposed subdivision providing two good sized lots at 2,214.1 m² (west lot with the existing house) and 1,834.4m² for the new home. Existing Hummingbird Drive frontage is 63.15m, as subdivided, does provide frontages of 29.90m (west lot) and 33.25m (east lot). Lot depths are just over 50m.

There is an existing watermain easement along the Hummingbird Drive frontage. Existing watermain are on all three road frontages and storm is available for the new lot off of East Road. The existing home is serviced off of Robin Way with sanitary, storm and water, whereas the hydro/tel/cable seem to be coming in from East Road. The area has underground hydro/tel/cable. Access to the new lot would be off of Hummingbird Drive.

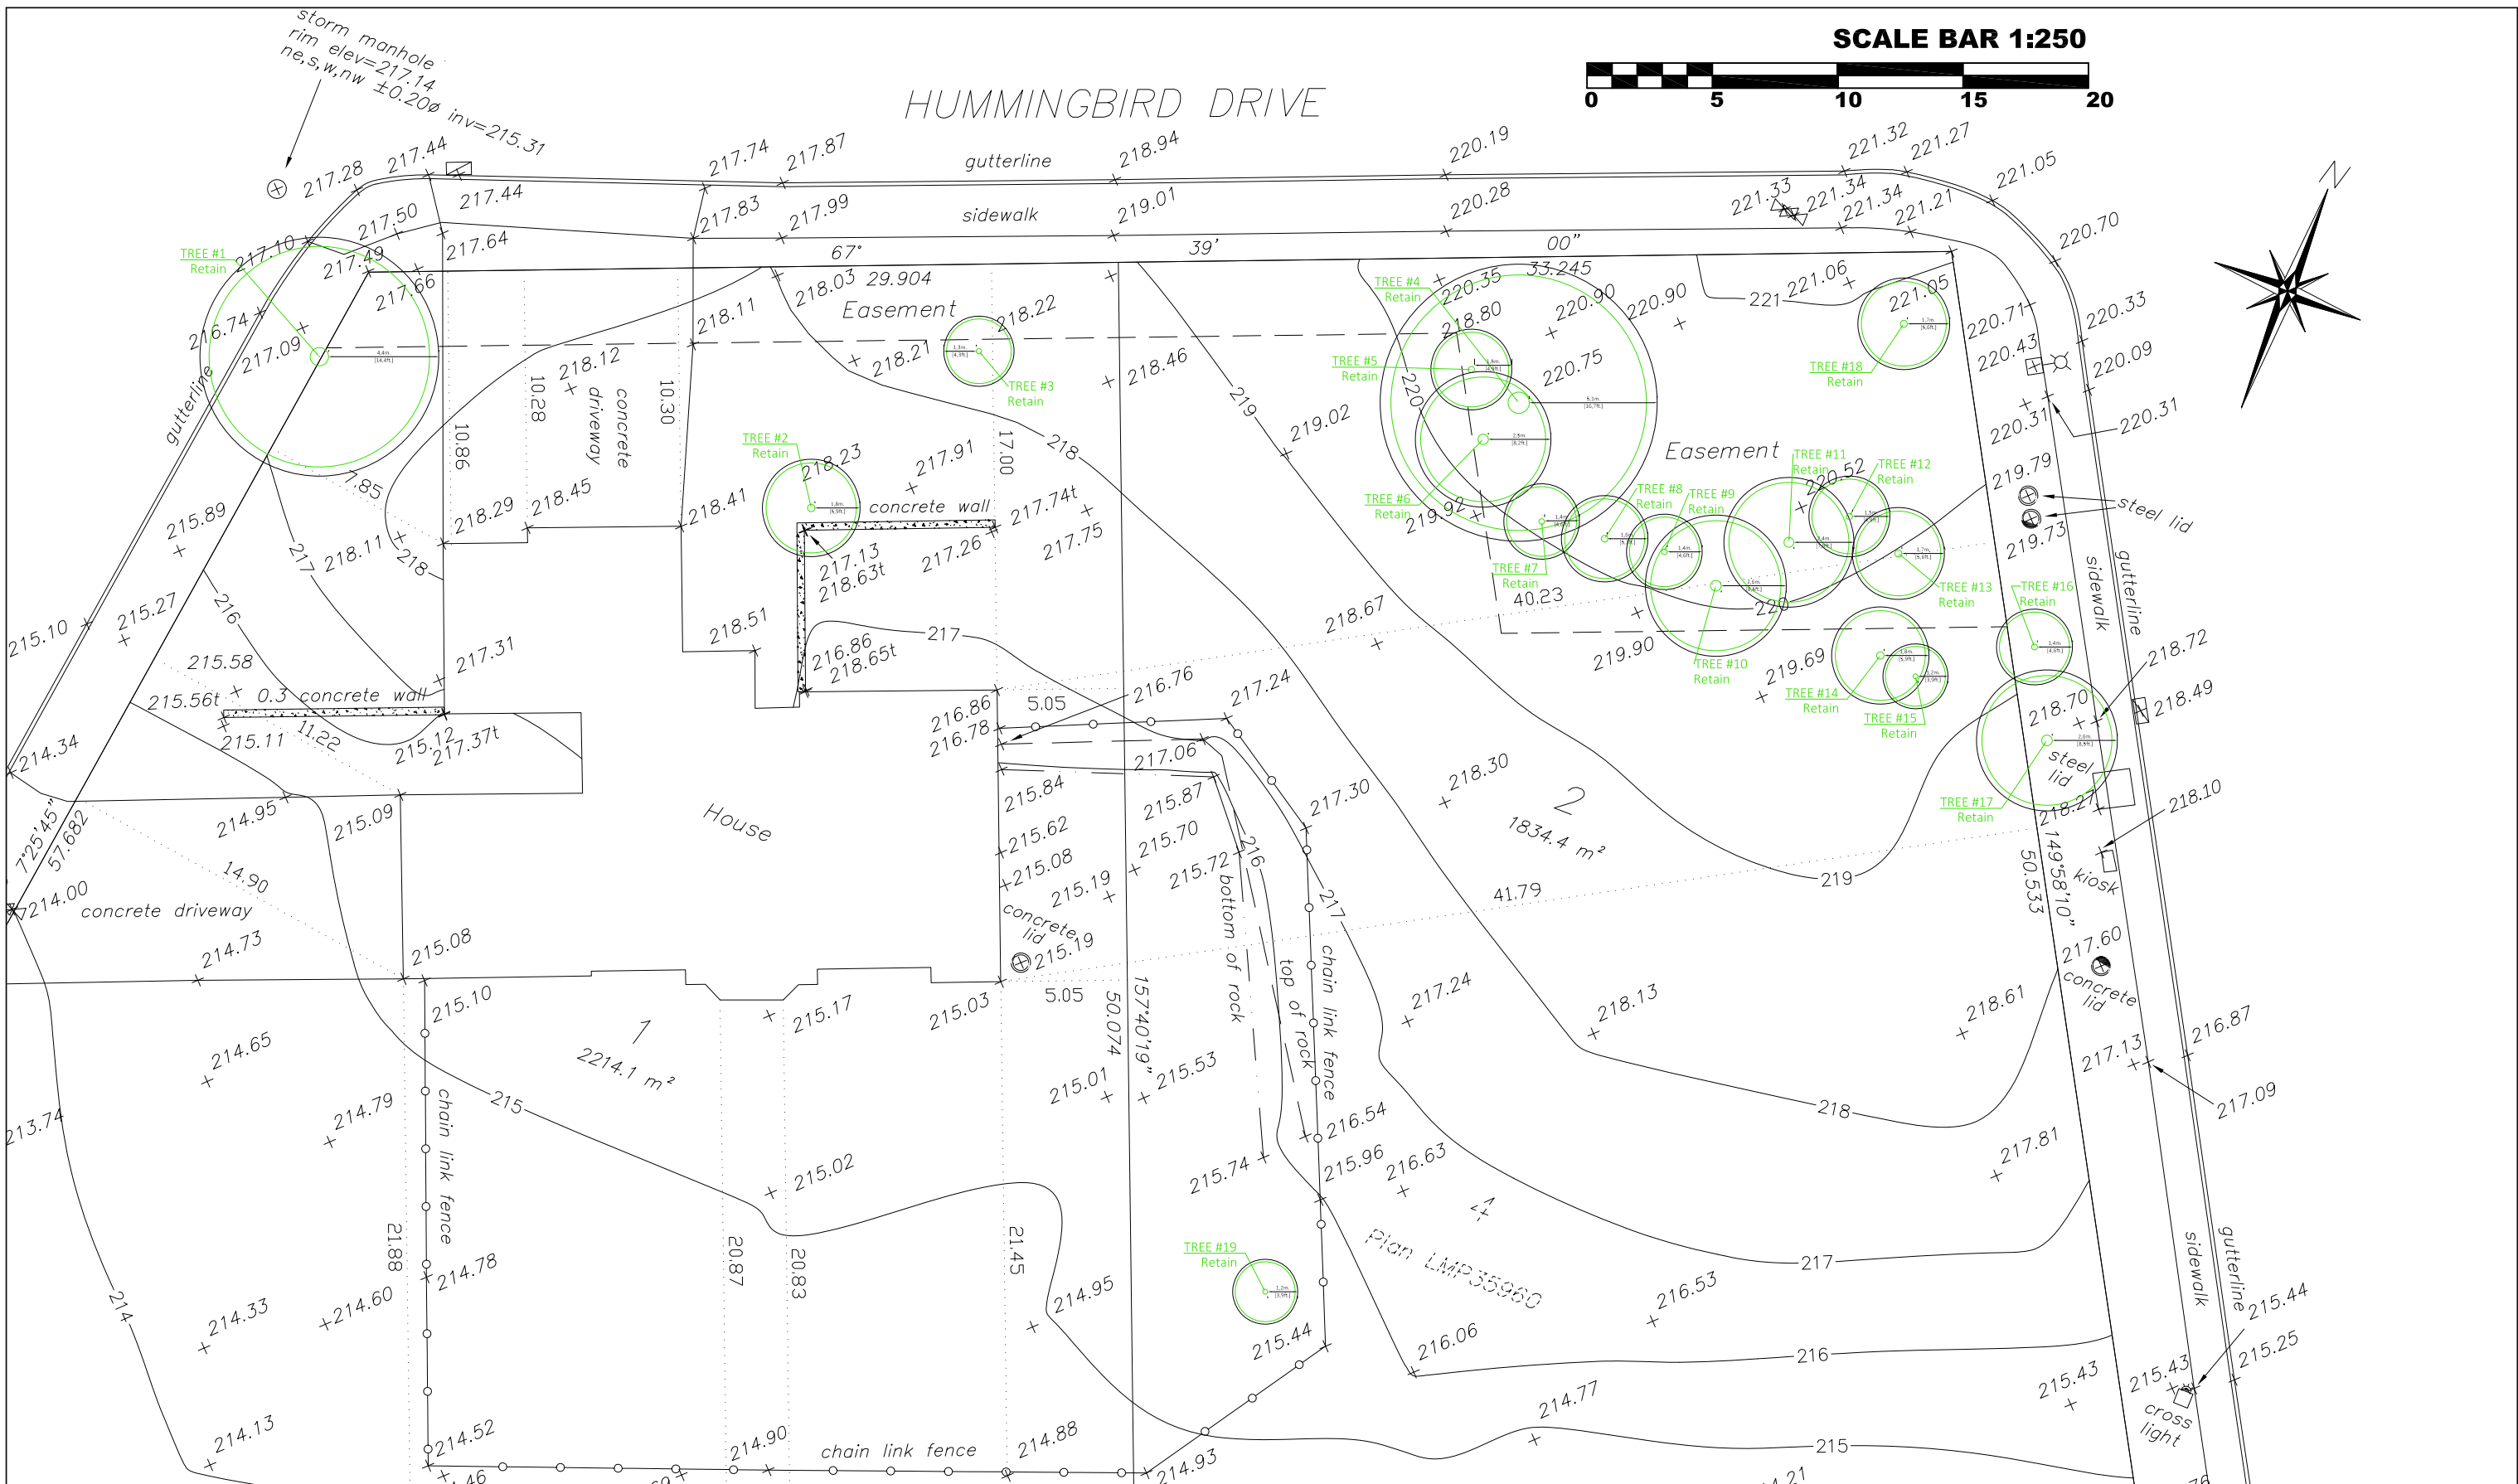

This subdivision layout/proposal meets the Village of Anmore's requirements for Infill Development.

We look forward to discussing our application proposal with you in the near future.

Sincerely,

A handwritten signature in blue ink, appearing to read "G. Watson", is placed below the word "Sincerely,".

Re: Rezoning and Subdivision Application for 2345 Sunnyside Road

Stephane Mitchell

Please consider our proposal to rezone and subdivide our property under the Infill Development OCP Policy.

Our lot is 1.5 Acres and we have lived on the property for over 12 years. We would like to propose a subdivision of the land that meets the Infill Policy. The parcel size will serve to enhance tree preservation on both the proposed lot and the remaining property.

We have included an Arborist report that identifies the existing trees that would be left on the proposed lot, as well as the remaining property. A half acre lot will benefit the community by providing a more affordable and manageable property for seniors or first time buyers.

The proposal will leave the remaining lot with our existing home meeting all current setbacks. We attach a survey outlining the proposed lot and the remaining lot setbacks.

This proposal also allows for both lots to retain the 20% retention requirement outlined in the tree by-law, while maintaining the semi-rural character of the neighborhood.

The proposed lot will have the required road frontage on Sunnyside Road and will not require any expansion of public infrastructure. We understand driveway access can be developed at a later date when building permits are pursued.

The proposed lot has a minimal slope with native trees and natural ground cover. There are no environmentally sensitive areas on the lot. We have attached a geotechnical survey outlining slope and soil content, which is suitable for sewage disposal on all tested areas.

We agree to enter negotiation with the Village regarding a CAC contributions. We understand the CAC will be payable on approval of Rezoning.

Regards

CERTIFIED CORRECT
this 3rd day of February, 2021.

Letter of Intent

Proposed infill Development of 2110 Sunnyside rd.

- 1 - New lots will be fronting Summerwood lane (safer egress without the main driveway fronting Sunnyside rd and more appealing home locations in respect to the neighbourhood)
- 2 - Meet all Infill requirements.
- 3 - Retaining existing stands of evergreen trees and enhancing wildlife corridors and the natural flora in these areas.
- 4 - Fixing the drainage and runoff issue from municipal property and neighboring development.
- 5 - Family style homes to fit the neighborhood.

-The parent parcel is a 1.584 acre rectangular lot with a main driveway entrance and an old house off of and close to Sunnyside road with a natural tree line in the middle of the lot with another bluff of trees to the rear of the lot. The lot has been in existence since at least 1958

-The proposed new lots will have main driveways off Summerwood Lane, and will be approx. 3/4 acre each. With approx. 100 m frontage on Summerwood lane for the 1st lot and a 90 m wide lot with a minimum of 25 m of road frontage off of Summerwood lane for the 2nd lot.

-The intent is to have the property line near the middle of the natural tree line, so the trees are protected by being out of the building envelope so no future end user will logically want to remove trees on the property line. Covenant protection can be offered at time of subdivision.

-The importance I see in keeping these trees are many, The stand of Trees is a beautiful specimen with nice ground flora and little to no invasives. Secondly the stand of trees would offer a nice natural wildlife corridor down to more green space and eventually the hatchery. Thirdly, in the infill policy, it is encouraged to keep stands of trees between homes. There are no other evergreen stands of trees on this property other than the middle and rear, with the rest of the trees being alder variety.

-There are currently 3 waterlines to the property from Summerwood lane, One near the building site of Lot 2, one to the North of the middle tree line and one to the existing dilapidated house. The existing home will be demolished.

-The main access to lot 1 will be from Summerwood lane with the house being placed more in the middle of the building envelope, This eliminates the main driveway from sunnyside and creates a safer access point to the property and allows for any future widening of Sunnyside if need be.

-The main access to Lot 2 will be from summerwood lane as it curves east, similar to how houses in cul-de-sacs are. The drive way will be level with the entrance. The roadway frontage will be a minimum of 25 m

-Both homes will be walk out basement homes with 2 levels in front and 3 levels on the back to achieve a level entrance and a house that fits the natural terrain. Both homes will range in size from approx. 6,000 – 6,800 sqft to be modest sized homes but not too large. Thus helping for future afford ability, while at the same time providing a home for large and growing families.

-Lot 2 has the unregistered drainage run off from municipal property that drains the summerwood lane ditches etc. This will be correctly captured and directed into the existing (or new as needed) runoff pipes and drainage systems that run north south on the east property line and connect to swale drainage running east west of the south property line. Fixing this long standing drainage problem from the previous development.

-The new Homes will be contracted to be built by the applicant and intend to be owner occupied, ensuring the key points are achieved and the site respects nature as much as can be accommodated.

-The summerwood subdivision had been approved and in existence for more than 10 years

-The Current lot has been in existence since before 1958
